The Geological Society of Sri Lanka was founded in 1983 "to promote all aspects of geological knowledge within Sri Lanka both on land as well as the oceans coming under the jurisdiction of Sri Lanka under the Law of the Sea". It does this by lectures, discussions, seminars, symposia, exhibitions, adult education and publications. In addition to the Journal, published annually, it publishes a quarterly Newsletter, and Special Publications.

The Annual Sessions of the Society are held at the end of February each year, and a Seminar or Symposium is held in connection with it. Membership dues are Rs. 400.00. Foreign members are welcome, annual dues being US\$30.00. Further information about the Society can be obtained from the Hon. Secretary, Geological Society of Sri Lanka, c/o the Department of Geology, University of Peradeniya, Peradeniya, Sri Lanka.

The Journal of the Geological Society of Sri Lanka is published annually as a single issue, and the subscription price to institutions and individual non-members is Rs. 500 (Sri Lanka), and US\$30 (rest of the world), post free. The Journal will be dispatched by surface mail to all overseas subscribers. Editorial correspondence and material submitted for publication should be addressed to the Editors, Geological Society of Sri Lanka, c/o Department of Geology, University of Peradeniya, Peradeniya, Sri Lanka.

Business correspondence, including orders and remittances relating to subscriptions advertisements, back numbers and off-prints, should be sent to the Hon. Treasurer, Geological Society of Sri Lanka. Cheques should be crossed and made payable to "The Geological Society of Sri Lanka".
