# Journal of Tropical Forestry and Environment

Journal of Tropical Forestry and Environment (JTFE) is a peer reviewed international journal that publishes high quality original research articles in forestry, environmental sciences and natural resource management relevant to tropical regions. This is a semiannual journal published by the Department of Forestry and Environmental Science, University of Sri Jayewardenepura, Nugegoda, Sri Lanka. JTFE provides a multidisciplinary forum for discussion of issues and communication of research findings of wider interest to the community of forestry and environmental professionals, especially in the tropical regions. Although the journal has a specific geographical focus, it also welcomes high quality, original submissions of research and review manuscripts on issues of global importance. Acceptance for publication is subject to a double-blind peer-reviewing process.

The Publisher reserves the right to determine the format and the style of the journal and will commit to publish only the original contributions to the field of Forestry, Environment and Natural Resources by respective authors.

**Manuscript Submission:** Manuscript guidelines and submission instructions can be found at <http://journals.sjp.ac.lk/index.php/JTFE/about/submissions#onlineSubmissions>

## **Subscriptions:**

**Print:** Price for a single copy is LKR 500; International Price: US\$ 15 (including shipping & handling). Subscribers will receive two copies of each issue. Please make checks payable to Forestry and Environment Society, University of Sri Jayewardenepura.

**Online:** Online version is open access.

**Copyrights:** The publisher retains the copyrights of articles published in the journal. All open access articles are distributed under the terms of the Creative Commons Attribution license, which permits unrestricted use, distribution and reproduction in any medium, provided that the original work is properly cited.
